

Luas Lucan

Blackhorse To Newcastle Road

The Railway Procurement Agency (RPA) is currently preparing a Railway Order application for Luas Lucan (Line F1), which will run from Newcastle Road (Lucan) just south of Superquinn to Blackhorse Luas Stop, where it will link to the existing Luas Red Line. This new Luas line will connect Lucan, Liffey Valley Town Centre and Ballyfermot to Dublin City Centre.

RPA is aware that routing the tracks along Ballyowen Lane has raised concerns among residents and public representatives and following this RPA has identified two alternative alignment options.

The three options will be on display at our open evening on 2nd June 2010 in Ballyowen Community Centre and you are welcome to come along and give your views. Members of the project team will be available on the evening to answer questions.

DATE: Wednesday 2nd June, 2010

TIME: 6-9pm

VENUE: Ballyowen Community Centre, Ballyowen, Lucan
